Pick CAMERON HAYES

Ronald Feldman, 31 Mercer, 212.226.3232

In his second show here, this Australian painter crams so much cynicism, historical savvy, and grotesquerie—including a container ship full of refugees and fake Pradas, and a blizzard of glitter, starvation, and snowballs—into his overpopulated world of antic homunculi that you'll either flee or find it addictive. Through 3/13.
